Welcome Back!

Welcome to the second week of the Fall 2022 semester! We hope you enjoyed your summer vacation and are excited to be back at CofC! Please take a moment to review this short e-newsletter with important fall semester information.

Important Dates

- **Tuesday, September 6**: Individual Enrollment and Bachelor’s Essay applications are due to Dr. Tim Callahan (callahant@cofc.edu) and Ms. Kristen White (whitekl@cofc.edu)
- **Friday, September 23**: Geology & Environmental Geosciences 2022-2023 Student Information Session

Student Computer Lab Access, SSMB 227

The student study room, SSMB 227, is available to Geology & Environmental Geosciences department majors and minors. Students may use this form to request Cougar Card swipe access. You will receive an email when your programming request is complete.

Geology Club

Details about the first Fall 2022 Geology Club meeting are coming soon! Join the club GroupMe to get connected with the club officers and members and stay in the know about activities!

You're invited to my new group '2022-2023 Geology Club' on GroupMe. Click here to join: https://groupme.com/join_group/63085941/S7TOqKKK

SustainFEST 2022

SustainFEST 2022 is TOMORROW, September 1 in the Cistern Yard (RITA 101 rain location) from 4:30 – 7:00 pm. Join the Center for Sustainable Development for live music, food trucks, art, and FREE t-shirt and ocean-conscious sunscreen giveaways! See the attached flyer for more details.

Geology & Environmental Geosciences 2022-2023 Student Information Session

Who’s who in the department? What’s happening this year? What student opportunities are available? How can I meet people? And more! Join us for an info session about what is happening in the Geology & Environmental Geosciences community, have some pizza, and snag some swag! Share the attached flyer with your friends who might also want to learn more!

Date: Friday, September 23

Time: 2:30 – 3:30 pm
Complete this form to let us know you plan to be there and to help us plan for PIZZA!

3D Mapping Technology Showcase

NavVis will be holding a free workshop here at the College of Charleston on Friday, September 30 from 9:30 am – 2:30 pm in the Stern Center Ballroom to showcase their 3D Mapping Technology. For more information and to register go to: https://go.cofc.edu/navvis/

This workshop will showcase the technology in the context of Digital Factory Transformation with BMW as a co-presenter. The technology can be applied to numerous industries so don’t miss out! See the attached flyer for more details.
