Important Dates

- **Thursday, September 8**: Networking Hour at Bedford Falls CHS (details below)
- **Friday, September 9**: Geology Club Meeting
- **Friday, September 23**: Geology & Environmental Geosciences 2022-2023 Student Information Session

Networking Hour: September 8

All members of the Geology & Environmental Geosciences community are invited to join fellow students, alumni, faculty, and staff on the second Thursday of each month for a networking hour at rotating locations! Meet us TOMORROW at Bedford Falls CHS (430 Meeting Street) from 5:00 – 7:00 pm.

Geology Club Meeting: September 9

The first 2022-2023 Geology Club meeting will be this Friday, September 9 at 4:15 pm in SSMB 211. The agenda will include information on Fall 2022 club activities, collab efforts with the Geology & Environmental Geosciences Department, info about the OPEN Secretary/Outreach/Social Media Coordinator position, and more!

*Scroll to the Fall 2022 Tennessee Camping Trip section below for a tip about how being an active Geology Club member benefits YOU!*

Join the club GroupMe to get connected with the club officers and members and stay in the know about activities! [https://groupme.com/join_group/63085941/S7TOqKKK](https://groupme.com/join_group/63085941/S7TOqKKK)

Sigma Gamma Epsilon

Did you know that we have the Zeta Zeta chapter of Sigma Gamma Epsilon, the Earth Sciences honor society? See this website for more information: [https://sgeearth.org](https://sgeearth.org). Contact alumnus and adjunct instructor, Brad Thompson: thompsonbb@cofc.edu, if you are interested in info about how to join our chapter!

Beach and River Sweep: September 17

Help SCDNR Marine Resources Division clean up the marsh along the Charleston Harbor! Join SCDNR Marine Resources Division for the annual Beach Sweep / River Sweep event at the Fort Johnson campus. We will be cleaning the marsh along the Charleston Harbor.

You must RSVP to participate: [link](#)

Geology & Environmental Geosciences 2022-2023 Student Information Session: September 23
Who’s who in the department? What’s happening this year? What student opportunities are available? How can I meet people? And more! Join us for an info session about what is happening in the Geology & Environmental Geosciences community, have some pizza, and snag some swag! Share the attached flyer with your friends who might also want to learn more!

**Date:** Friday, September 23  
**Time:** 2:30 – 3:30 pm  
**Location:** SSMB 211

**Complete this form** to let us know you plan to be there and to help us plan for PIZZA!

---

**Career Fair and Graduate School Expo: October 6**

You’re invited to the annual Fall Career Fair & Graduate School Expo on Thursday, October 6 from 1:00-4:00 pm in TD Arena. This is an excellent opportunity for our students to meet with company representatives who are interested in hiring interns, as well as part-time and full-time employees. The Career Center continues to add companies and graduate schools daily and students can view updated company and organization details in Handshake.

---

**Create a Handshake Account!**

As an Equal Employment Opportunity (EEO) employer, many College of Charleston student employment opportunities are posted in Handshake. Students who wish to consider on-campus employment, including future employment opportunities in the Department of Geology & Environmental Geosciences, should preemptively create a Handshake account as account approval by the Career Center is required.

---

**Tennessee Camping Trip: October 21-23**

Join students in the GEOL 495: Mass Extinctions class on a camping trip to east-central Tennessee from October 21-23. We will focus the trip on the Late Devonian mass extinction and will be able to see the black shales and find fossils associated with this event. The group will stay at Floating Mill Park near Silver Point, TN.

There are FIVE spots available for students who are not enrolled in this upper-level special topics class. Prerequisites for the trip require that students have successfully completed one academic year of Geology courses and preference will be given to students who are members of the Geology Club.

A $10.00 cash payment is required to reserve your spot. The collective funds will be used for groceries.

Please contact Dr. Teddy Them: themtr@cofc.edu with questions or to reserve your spot.

---

**Alumni + Student Mixer Weekend: October 13-15**
Save the date for a Geology & Environmental Geosciences student and alumni networking weekend! Activities will include a mixer event at Holy City Brewing on Thursday, October 13, a career panel discussion and mock interviews on Friday, October 14, followed by a second networking mixer!

**Student Computer Lab Access, SSMB 227**

The student study room, SSMB 227, is available to Geology & Environmental Geosciences department majors and minors. Students may use [this form](#) to request Cougar Card swipe access. You will receive an email when your programming request is complete.
