SPRING 2022 COMMENCEMENT AND DEPARTMENTAL RECEPTION

The School of Sciences and Mathematics Spring 2022 Commencement Ceremony will be held on Saturday, May 7 at 4:00 pm in Cistern Yard. Graduates and their families and friends are invited to attend a post-commencement reception in SSMB immediately following the ceremony.

HOLY CITY BREWING OFFERS A FREE SANDWICH AND PINT TO GRADUATING SENIORS
Thanks to Geology alumnus and Holy City Brewing owner, Chris Brown ’05, Geology & Environmental Geosciences Spring or Summer 2022 graduating seniors can enjoy a FREE sandwich and pint at HCB on either May 6, 7, or 8! Contact Kristen White (whitekl@cofc.edu) by May 5 for the password!

END OF YEAR ENERGY RELEASE
Need to let loose after a long academic year? Head over to The Pour House on May 12 for a deck show featuring alumna and rockstar Jay Van Raalte! Get your tickets here!

LOOKING FOR FALL 2022 COURSES?
Check out our Geology Electives being offered in the Fall 2022 semester! Note that upper-level Special Topics courses like GEOL 495-01: Hydrographic Mapping & Characterization and GEOL 495-02: Mass Extinctions and the History of Life have coded prerequisites that might prevent some students from self-registering. If you’re interested in either of these special topics classes, reach out to the course instructors and Kristen White (whitekl@cofc.edu) with registration requests!

FIRST ANNUAL BEAMS SYMPOSIUM
The first annual BEAMS Symposium was a huge success with over 60 students, faculty, staff, and industry professionals in attendance!
2022 SENIOR ROAST RECAP

Thank you to everyone who made it out to the annual Senior Roast! Congrats to the recipients of the undergraduate TA awards, and good luck to all our graduating seniors!
**KUDOS**

- Dr. Tim Callahan and Dr. Vijay Vulava co-authored a paper with a previous student on storm event analysis, titled “Storm event analysis of four forested catchments on the Atlantic coastal plain using a modified SCS-CN rainfall-runoff model”. Read the article [here](#).
- Dr. Persons and Jay van Raale ’20 were featured in a Post and Courier article about a paper they recently published on potential speciation within Tyrannosaurus.
- Dr. Persons and a few Paleobiology students were featured in The College Today Photos of the Week! The students were learning how to measure the weight of prehistoric creatures using water and 3D scanning methods.
- Dr. Bobby Boessenecker published a paper evaluating the importance of amateur fossil collector contributions to paleontology in *Paleontologia Electronica*. The paper is open access and can be read [here](#).
