IMPORTANT DATES

- Monday - Tuesday, October 18-19: Fall break
- Friday, October 29: Last day for students to withdraw with a status indicator of “W” from full semester classes
- Monday, November 1: Spring 2022 registration begins based on earned hours

SPRING 2022 REGISTRATION AND COURSES

Spring 2022 registration begins on November 1 based on hours. NOTE: All GEOL and GENV majors have an advising hold. Holds will prohibit students from being able to register. You must communicate with your advisor about your plan for Spring 2022. This does not have to be an in-person meeting (email and Zoom are options). After a student communicates with their advisor, the advisor will submit a request to Dr. Callahan and Ms. White to remove the advising hold. If you do not know who your advisor is, please contact Dr. Callahan and Ms. White for assistance.

GEOL 402 and GEOL 469 NOTE: Due to a Registrar glitch, the department must enroll students in GEOL 402 and GEOL 469. If you wish to enroll in GEOL 402 or GEOL 469, please contact Kristen White (whitekl@cofc.edu) when your registration has opened for assistance.

Geology & Environmental Geosciences electives and special topics for Spring 2022 are available for view here. Visit the Academic Information page on our website for advising charts designed to help you prepare your Spring 2022 registration plan.

Preparing Your Registration Plan

Don't wait until the last minute to begin preparing your registration plan! All Geology (GEOL) and Environmental Geosciences (GENV) majors have an advising hold each semester. Students should contact their faculty advisor for an advising appointment. Your advising hold will not be lifted until you have communicated with your advisor about your Spring 2022 plan.

Missed the Geology and Environmental Geosciences Student Meeting on October 11th? View the meeting slides here for information about the department, faculty, and courses being offered next semester. We also had a fun “Live Look-In” with students and faculty members at the Geological Society of America annual meeting in Portland, Oregon. Read their abstracts here!
**SUMMER 2022 FIELD STUDIES**

Planning to take [Field Studies](#) in Summer 2022? [Complete this Google form poll](#) to help us plan!

**KUDOS**

- Kudos to Dr. Bobby Boessenecker for winning a Vax on the Bricks professional development grant!
- Dr. Cass Runyon was featured in an article in [The College Today](#) about the dual volcanic eruptions in the Canary Islands and on the Big Island of Hawaii.

**CHEMISTRY UNCW GRADUATE PROGRAM INFORMATION SESSION**

The CofC Chemistry department is hosting an information session about the graduate program at the University of North Carolina Wilmington Department of Chemistry and Biochemistry on [Friday, October 22 at 2pm](#). The graduate program offers opportunities to research environmental chemistry, and students interested in attending can RSVP with this [Google form](#). Please RSVP by Wednesday, October 20.

**SOUTH CAROLINA SPACE GRANT CONSORTIUM FUNDING**

The SC Space Grant Consortium (SCSGC) is now accepting applications and proposals for 2022-2023 [faculty and student](#) funding opportunities. Faculty funding deadlines are either [Monday, December 7, 2021](#) or [Friday, January 28, 2022](#). All student deadlines are [Friday, January 28, 2022](#). To submit an application or proposal and for more information about available awards, visit the Consortium’s [website](#).

Available faculty funding:
• SCSGC Research and Education Awards Program (REAP)
  o Deadline: 5pm on Friday, January 28, 2022
• SCSGC Palmetto Faculty Academy
  o Deadline: Monday, December 7, 2021

Available student funding:
• The Ray Green Technology Internship
• Graduate Research Fellowship
• Kathryn D. Sullivan Earth and Marine Science Fellowship
• Undergraduate Student Research Award
• Minorities in STEM Research Award
• STEM Outreach awards
• Technical College Research Award
• NASA Center Internships
• Palmetto Academy Student
• All student applications are due by 5pm on Friday, January 28, 2022

JOB AND OPPORTUNITY BOARD UPDATES
• SC Wildlife Federation Scholarship
  o Eligibility: full-time students (graduate and undergraduate) currently pursuing degrees in any environmental field at South Carolina schools of higher education
  o $500 scholarships available
  o Deadline: October 31, 2021
• S.C. Sea Grant Consortium Student Career Website
  o Current open positions at the S.C. Sea Grant Consortium:
    ▪ Marine Education Program Assistant
      • Deadline: Open until position filled
      • Find out more here.
    ▪ Resilience Program Assistant
      • Deadline: Open until position filled
      • Read about the position here.
• John A. Knauss Marine Policy Fellowship
  o Students enrolled towards a degree in a graduate program at any point between the onset of the 2021 Fall Term and the application deadline may apply. Learn more about the fellowship and application materials here.
• NOAA Aquaculture Grants:
  o Marine Fish Aquaculture: Juvenile Production Technologies
    ▪ Deadline: January 27, 2022
    ▪ More information found here.
  o Early-Stage Propagation Strategies for Aquaculture Species
    ▪ Deadline: February 3, 2022
    ▪ Find out more here.
**CALL FOR PROPOSALS**

The S.C. Sea Grant Consortium is seeking faculty and their students to team up with Sea Grant Program Specialists to conduct a scientific review of the state of knowledge on shellfish pathogens and shellfish-related public health risks in the southeastern US. Proposals are due on November 5, 2021, and more information can be found [here](#).

**DEPARTMENTAL RESOURCES**

The student study room, SSMB 227, is available to majors and minors. Contact Kristen White to get access.
